

Course Info

The purpose of this 2-day course is to prepare nurses to provide quality care for patients with advanced cancer by providing education aligned with the *End of Life Nursing Education Consortium (ELNEC)* curriculum recommendations.

Course includes:

- Continuing Education Credits- 13.58
- All learning materials
- Information on Washington State

CNE Accreditation Statement:

"This continuing nursing education has been approved by the Washington State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Please contact Carrie Danielson at Seattle Cancer Care Alliance for more information about contact hours."

The End-of-Life Nursing Education Consortium (ELNEC) Project is a national end-of-life educational program administered by City of Hope National Medical Center (COH) and the American Association of Colleges of Nursing (AACN) designed to enhance palliative care in nursing. The ELNEC Project was originally funded by a grant from the Robert Wood Johnson Foundation with additional support from funding organizations (the National Cancer Institute, Aetna Foundation, Archstone Foundation, and California HealthCare Foundation). Materials are copyrighted by COH and AACN and are used with permission. Further information about the ELNEC Project can be found at www.aacn.nche.edu/ELNEC.

Fred Hutchinson Cancer Research Center
UW Medicine
Seattle Children's

Seattle Cancer Care Alliance unites the expertise of three internationally renowned cancer care institutions—Fred Hutchinson Cancer Research Center, UW Medicine, and Seattle Children's—to create the only federally-designated comprehensive cancer center in the Northwest.

End-of-Life Nursing Education 2-day course

April 15 and 22, 2011

Fred Hutchinson Cancer Research Center
UW Medicine
Seattle Children's

Course Topics

- Palliative Nursing Care
- Pain Management
- Communication
- Ethical Issues in Palliative Nursing Care
- Loss, Grief and Bereavement
- Symptom Management
- Cultural Considerations in End-of-Life Care
- Final Hours
- Self Care

Opportunities for group discussion and reflection will be provided through case studies, film clips and break-out sessions.

Participant Comments:

"The very fact we are openly discussing end of life issues. Dialogue and stories! All who have patient contact should partake including research support staff."

"Presenters were great, especially since members of staff – simulated conversation and encouraged discussions from other participants which bring different experiences."
