

Facility Fee Charges

Fred Hutch Proton Therapy Center

Introduction

The table on the back side of this page contains typical fees that represent some of the procedures performed on an outpatient basis at Fred Hutch Proton Therapy Center.

These fees represent only the facility portion of the bill and do not include professional fees charged by physicians and other healthcare providers. You will be billed separately by those providers.

Fee calculation

Many factors will influence the actual amount you will be billed, including whether the physician finds it necessary to perform more, less, or different procedures at the time of service. Prices are subject to change

There may also be radiology, laboratory, pharmacy, pathology and other services required that will result in additional charges. You may incur a co-payment, co-insurance or Medicare co-payment for both the facility and professional services provided.
